

2DO Stackable Storage System™ is a growing collection of stackable storage boxes for the home, office or studio. A truly South African design product, the interlocking Birch plywood drawers, cabinets and accessories designed by Deánne Viljoen gives you the opportunity to create your own combination of space saving small storage from any of our ranges.

Designed as a sustainable product, 2DO is made from Birch plywood in our factory in the Garden Route of South Africa using CNC technology and the traditional woodworking skills of local craftsmen. Developed by De Steyl in collaboration with product developer Zani Marais and graphic designer Willem Viljoen.

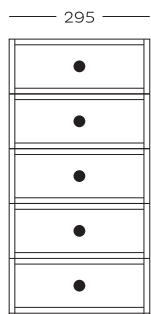

2DO MURAL

A personal interpretation of the symbol language of the mural art of women from the Ndebele tribe of Southern Africa, this 2DO range is a celebration of bold geometry and colour, stackable in endless customisable combinations that will have its own meaning to you.

SINGLES

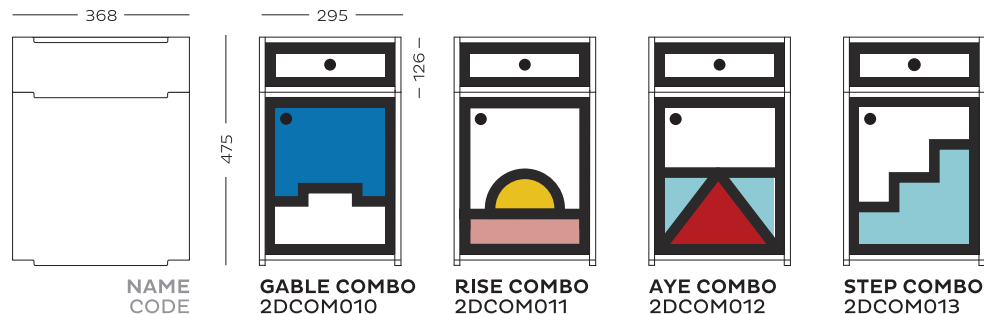

DOOR BOXES

Little cabinets with printed doors, also interlocking.

COMBOS

Combos feature printed door & drawer faces with blonde sides.

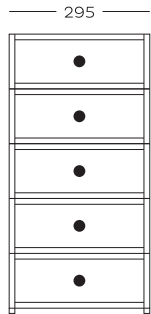

2DO DWEBA

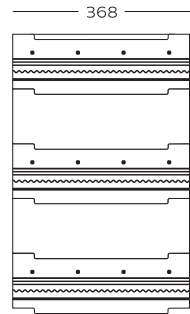

To "carve, draw, hatch, scratch". Experimental range of monochromatic 2DO products featuring line drawings in black ink on blonde wood inspired by the Xhosa tribal tradition of adorning their cultural dress, Umbhaco, with beading and embroidery.

2DO LIQUORICE

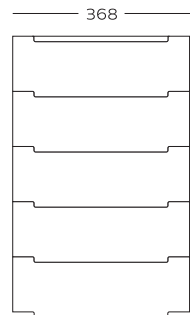

Our collaboration with Cape Town artist Renée Rossouw features patterns from her bold Liquorice African Candy pattern range on our 2DO Stackable Storage furniture designed by Deanne Viljoen. Combine any of Renée's unique patterns with each other or mix with plain colour or blonde components to create your own composition.
